

**Campbell**<sup>®</sup>

**We make Grade 70  
compliance simple.**

This load binder works with both 5/16"  
and 3/8" chain... it says so  
right on the handle.

## The load binder that gives you peace of mind

When you're securing over nine tons of backhoe loader, you want a load binder that has what it takes to keep you out of trouble. You want the new Campbell Grade 70 Ratcheting Load Binder.

The new drop forged and heat treated Grade 70 load binder is approved for use with both 5/16" and 3/8" Grade 70 transport chain... a fact that's forged right into the handle, along with the 6,600 lb. Working Load Limit and 26,400 lb. Maximum Breaking Strength. This load binder also has a distinctive yellow chromate finish that matches the color of Grade 70 chain.

The ratchet-style tensioner is easier to adjust than lever types, and it features a full eight inches of take-up for a greater range of adjustment.

Ratchet-style Tensioner for easier adjustment and greater take-up

Working Load Limit (WLL) and Maximum Breaking Strength (MBS) are both forged into handle

Chain size and grade are clearly marked on each hook and handle for quick identification

Both hooks rated at Grade 70 Working Load Limits

- Meets U.S. D.O.T. 393.100-393.102 requirements for use with transport chain
- Approved for use with both 5/16" and 3/8" Grade 70 transport chain
- Yellow Chromate finish matches color of Grade 70 binder chains
- Drop forged and heat treated for maximum strength

**Working Load Limit  
6,600 lb.**

**Maximum Breaking Strength  
26,400 lb.**
